

Site Rules

EAST NORTHANTS RMF

GENERAL

- **No** persons under 18 allowed on site
- **NO** eating, drinking or smoking is permitted on site other than in the authorised areas
- Travel only on recognised side roads and take notice of all signs and obey all instructions.
- Maximum speed limit on the site is **10** mph, apart from on the Soil treatment Pad where a **5** mph limit is in place.
- All vehicles, plant and equipment will be operated safely and only by suitably trained operators
- No vehicle or personnel should approach within three meters of a raised tipping face.
- All accidents and near misses must be reported to an Augean representative immediately.
- Instructions given by operational personnel must be followed at all times.

VISITORS AND CONTRACTORS

- All visitors and contractors must report to the weighbridge and each person is required to sign the visitors book.
- The footpath adjacent to the screen bund must be used at all times when entering or leaving the visitors car park.
- Contractors – A Site Induction, together with suitable risk assessments, method statements and permit to work are required before any work can commence.
- Contractors - Your whereabouts should be known to your Augean representative at all times.
- Visitors - Your Augean representative should accompany you throughout your visit to site.
- All visitors and contractors without exception must wear approved footwear, hardhat and fluorescent waistcoat/jacket. Augean staff will advise when additional PPE is necessary.

Before leaving the site:

- All visitors and contractors must return to the weighbridge and indicate they are leaving site, by signing out in the visitor's book.
- Any PPE provided by Augean should be returned to the weighbridge office on departure.

DRIVERS

- The Soil Treatment pad operates a one on one off policy
- High visibility clothing, hard hat and safety shoes must be worn at all times. In addition, eye protection must be worn on the Soil Treatment Pad
- Shorts **are not** acceptable on site.
- Urinating any where on site, except within the toilets provided, is **forbidden**.
- Site signs provided by the weighbridge operator must be placed in windscreens prior to arriving in the disposal area.
- Drivers must remain within the confines of their vehicle at all times, other than when necessary for unloading, loading skips in a designated area or when directed to do so by site personnel.

- Loads being delivered **must be** secured by way of proper sheeting or netting, or be in a secured container, until discharged and only unsheeted in the designated area.
- Drivers will only tip their vehicles when instructed to do so by Augean personnel. To aid communication, our operators have CB radios, Channel 9.
- All tipper vehicles must have bodies lowered and tail gates secured before being driven. All skips/containers must be lowered onto the bed of the vehicle prior to being driven.
- All drivers must exercise extreme care when mounting and dismounting vehicles at all times.
- Drivers **are not** permitted to climb into the back of their vehicles to clean out by hand, unless agreed with the site management prior to arrival.

Before leaving the site:

- All vehicles must use the spinner and wheel wash provided. You must remain in the high pressure washing system for the full 45 second cycle to allow for maximum effectiveness
- All loaded vehicles must be sheeted.
- Drivers must check their vehicles before leaving site to ensure that mud and debris is not taken out on to the highway.
- All HGV traffic must turn with **LEFT** when exiting the site.

The above rules and procedures do not in any way supersede or take precedence over the legal and contractual requirements that relate to the operation of particular sites.
