

SAFETY, QUALITY AND ENVIRONMENT POLICY

Augean Plc is committed to conducting its business operations in a responsible manner and we recognise the need to continually improve our operations where practical to do so in order to reduce our effects on the environment, ensure the safety and welfare of our personnel and neighbours, and ensure client satisfaction through service excellence.

We seek to exceed legal obligations and be among the leading exponents of good practice and technological development within the waste management industry.

At no time shall we provide services that fall short of the professional integrity and objectivity that we understand our clients and stakeholders will require and every effort shall be sustained to ensure the accuracy, probity and surety of the services that we provide.

We pursue a programme of continuous improvement in all aspects of our business to achieve this high level of regulatory compliance and client satisfaction. Operational improvement and corporate objectives shall be set on an annual basis and published through our Corporate Social Responsibility Report. Realisation of these objectives is continuously monitored, reviewed and communicated throughout the company.

Our employees are provided with continuous training to improve their skills, knowledge and competencies, thus ensuring that we maintain a high standard of awareness. External awareness and good perception of our Company is maintained through active liaison with regulatory bodies, environmental organisations, stakeholders, the local community and all other interested parties.

The Company shall continue to encourage its supply chain and contractors to improve business standards through continual assessment.

It is the Company's policy that the documented Business Management System detailed in the Business Manual and supporting administrative procedures are the normal basis of working and will be applied to all relevant work.

Paul Blackler
