Augean North Sea Services Limited

ISO 14001:2015

Issue 14

Detailed scope

Operation of an integrated management system in accordance with the requirements of PAS 99:2012.

Complete Waste Services for the upstream to midstream Oil & Gas Industry from rigs, platforms to terminals, providing specialised industrial cleaning, decontamination, and containment equipment. Related manpower services for all on and offshore wastes, alongside general support for rig and platform work, production and drill floor operations, including marine vessel tank cleaning, together with emergency spill response. Utilising our own onshore PPC sites, enabling the transfer, treatment, recycling and disposal of all hazardous and non-hazardous wastes, as well as NORM wastes, encompassing drilling, production and decommissioning. Provision of 3rd party road haulage services on an ad hoc basis including covering backloads of our own delivery schedules.
